

6 August 1954

Dear

I miss your monthly summary reports on

The last one I have covers the period through 30 April 1954. These reports are most helpful to me in understanding some of our mutual problems.

I'm still working on the

cost problem.

As we suspected, an item like this takes more time and energy than getting a major contract approved. I suspect the solution will be to extend

for this purpose only. I'll let you know.

Cordially,

Claude E. Hawley

CEH/lb
